

POS-eMetrics User Manual

About the developers:

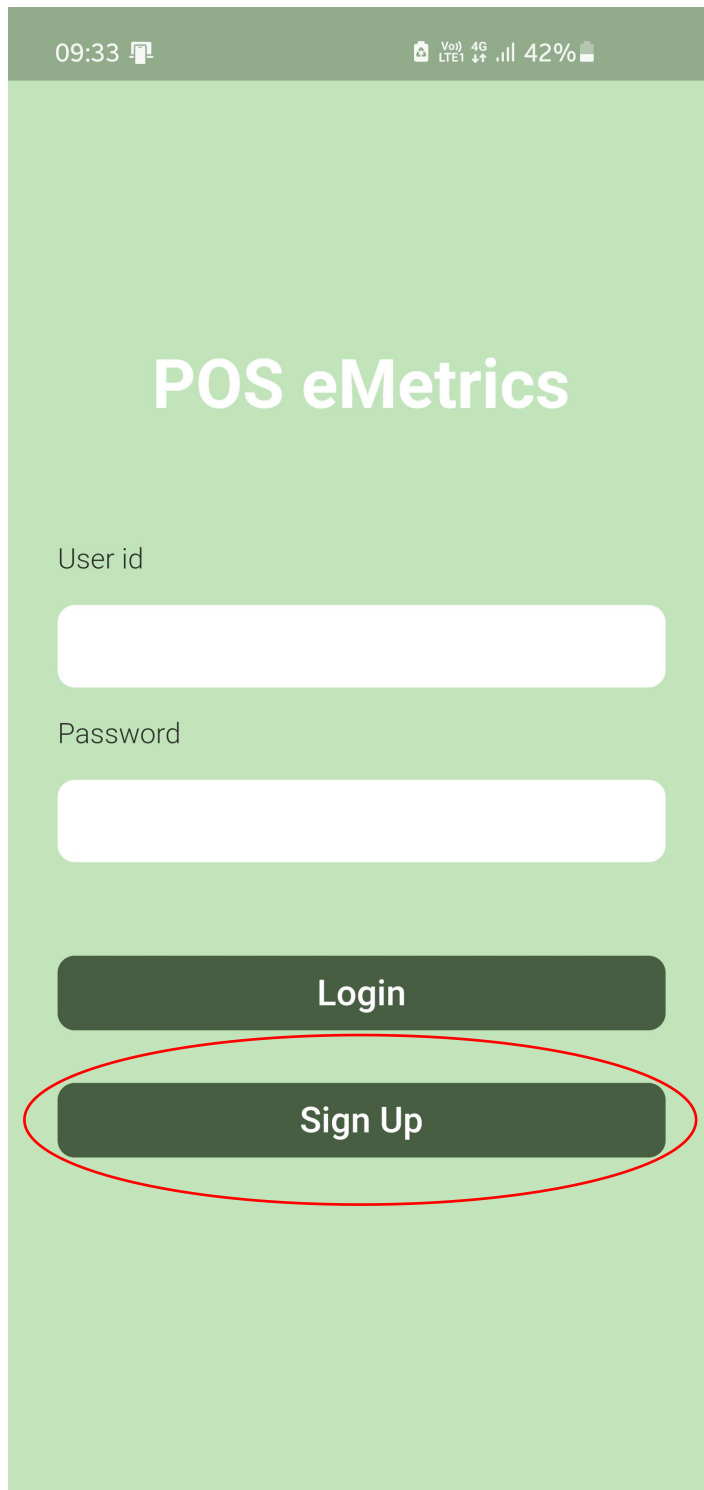

This application is developed by 4 dedicated app developers,

1. Parth Pandey (RA1911003010223)
2. Soham Sakaria (RA1911003010246)
3. Eeshan Dutta (RA1911003010256)
4. Parth Srivastava (RA1911003010228)

We are studying in SRM University, kattankulathur, Chennai currently pursuing undergraduate degree of Bachelors in Computer science and engineering, presently in 3rd year. We are delighted to work with the app and have learned a lot during the process. We have created a user manual to help understand the app.

1. Sign up

i) Click on the signup button when the app is opened to make a new account on the pos-eMetrics app.

Save

iii) After clicking the Save button, a prompt to confirm will show up where you can review the details once and again and make changes if you want. If every detail is confirmed, click on the 'Confirm' button to proceed. After confirming, it will automatically redirect to the calendar

The screenshot shows a mobile application interface with a confirmation dialog box in the foreground. The background form is partially visible and includes the following fields:

- Team 1 (dropdown menu)
- Intervention* (with Add and Remove buttons)
- 1. Intervention (dropdown menu)
- 10. (dropdown menu)
- Time (in minutes) 50 (input field)
- Total time (input field)
- Outcome (dropdown menu)
- MH (dropdown menu)
- Results (dropdown menu)
- Yes (checkbox)
- Comments (text area)
- nil (text)
- Save (button)

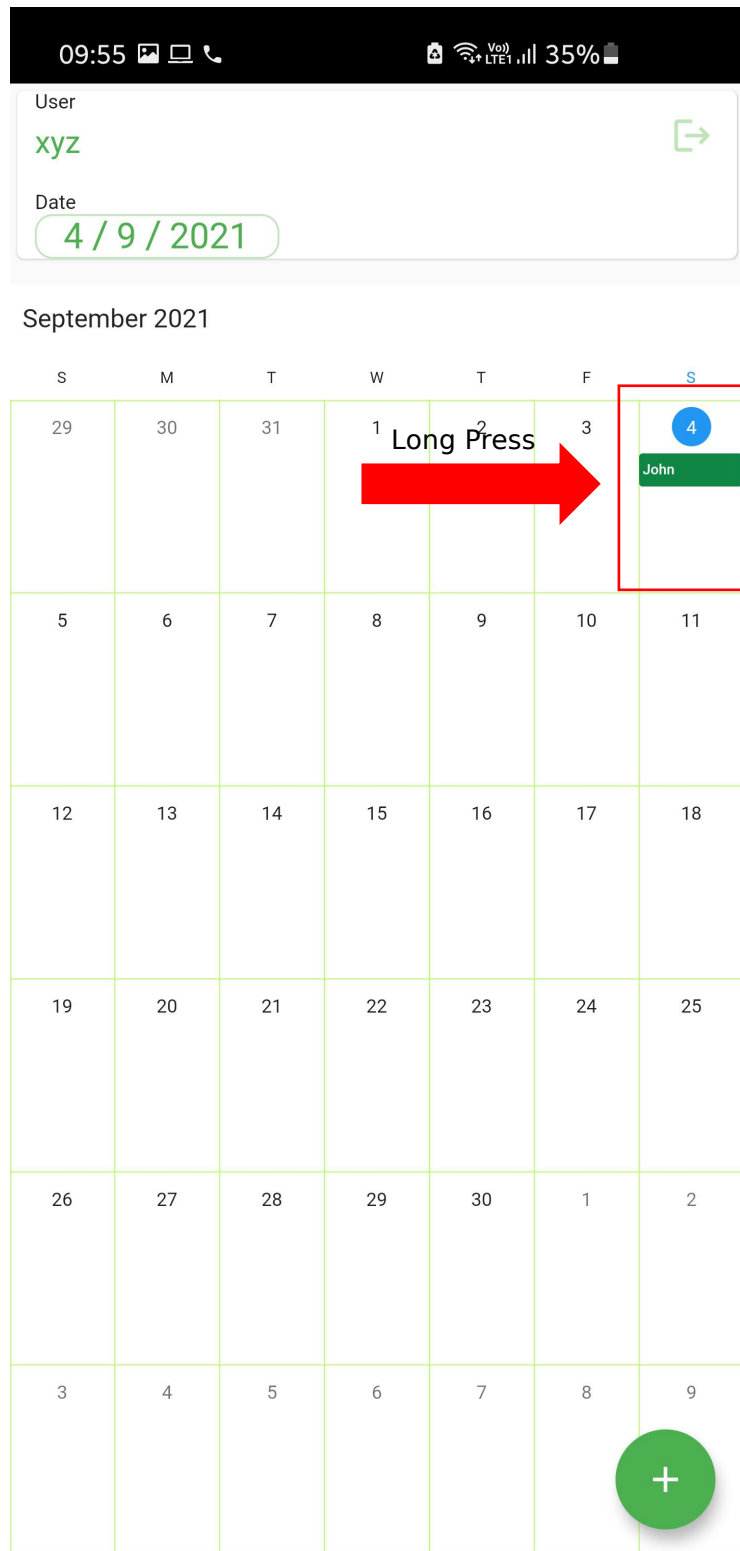

The confirmation dialog box, titled "Confirm", contains the following details:

- Start date: 4/9/2021
- Start time: 9:53 AM
- Clinicians:
 - 1. Clinician: John
 - 1. Discipline: Consultant
- Referral source: Med 1A
- Referral mode: Email
- Date of birth: 4/9/2021
- URN: 123
- Gender: Male
- CL Team: Team 1
- Interventions:
 - 1. Intervention: 10.01.00 Triage
 - 1. Time: 50

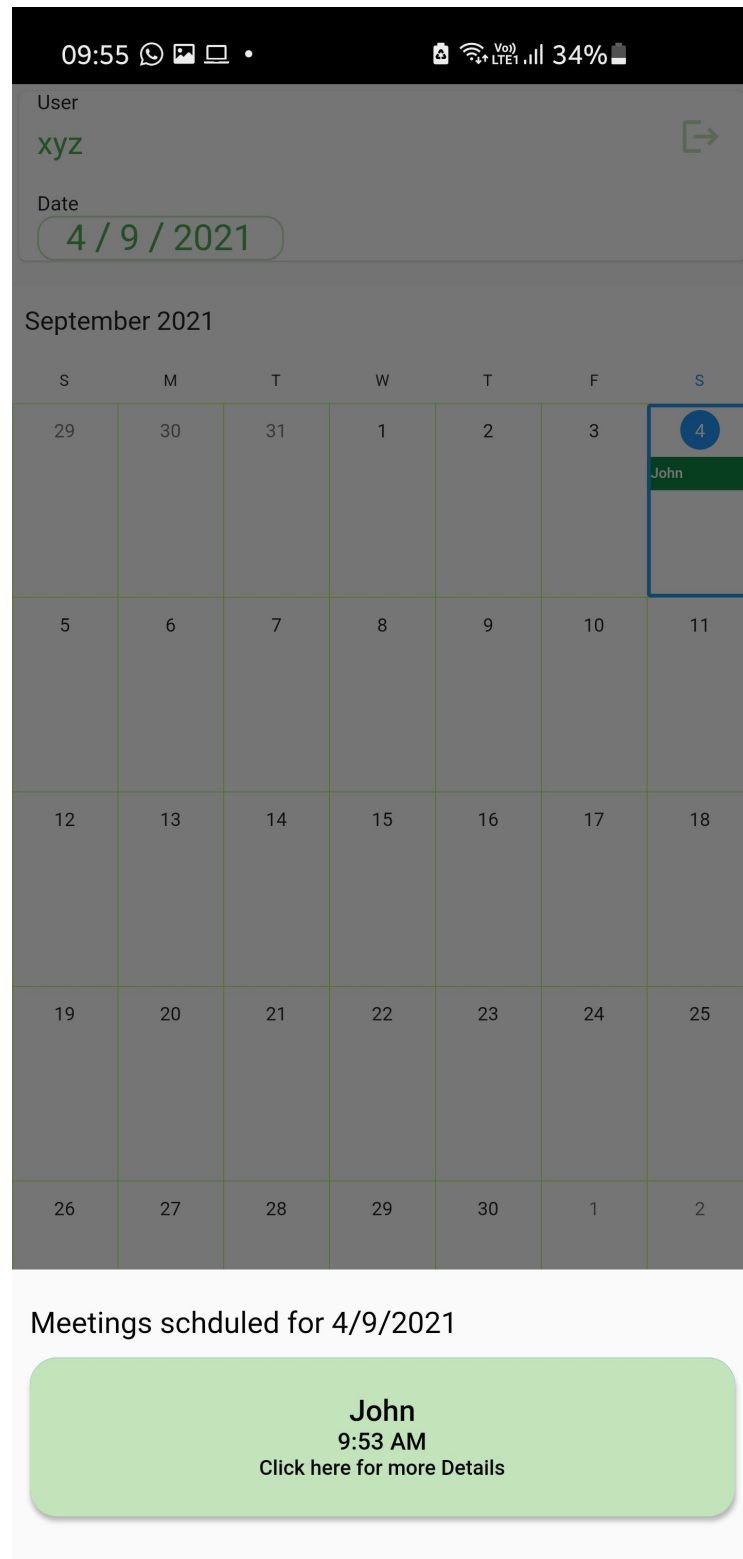

At the bottom of the dialog box, there are two buttons: "Cancel" and "Confirm". A red arrow points to the "Confirm" button, which is also circled in red.

4. Checking/editing an event from the calendar.

i) Long press on the date you want to check the events on.

ii) After long press, a dialog box from bottom will appear with all the events scheduled on that particular date

iii) Click on the event that you want to edit/check, and the details page will open up.
